

## **WHISTLEBLOWER POLICY**

It is the intent of The Class of \_\_\_\_\_ of Yale University (the “Class”) to adhere to all laws and regulations that apply to the Class, and the underlying purpose of this policy is to support the Class’s goal of legal compliance as well as compliance with its adopted policies. The support of all Class Officers, Executive Committee members, Class Council members, staff and volunteers of the Class (“Class Individuals”) is necessary to achieve this goal.

If any Class Individual reasonably believes that some practice or activity of the Class or of any individual associated with the Class is in violation of law or Class policy, such individual should report the suspect practice or activity to the Secretary or, if the concern is with regard to the Secretary, the Treasurer.

The Class will not retaliate against any Class Individual who, in good faith, raises a complaint pursuant to the foregoing, or who provides information to a law enforcement officer relating to the commission or possible commission of any violation of law.

The Association of Yale Alumni will post a copy of this policy on its website as well as contact information so that each Class Individual has an opportunity to ask questions about this policy.
